### COGCC OIL AND GAS FLOWLINE INSPECTION PROGRAM: Results from directive requiring oil and gas companies to inventory flowlines near buildings in Colorado

**When:** Thursday, August 3, 2017

Beginning at 5:30 p.m., dinner and social time is provided for attendees. Meeting will begin promptly at 6:00 p.m.

**Where:** Garfield County Rifle Administration Building  
Second Floor, 195 W. 14th Street, Rifle, Colorado

**Stuart Ellsworth, P.E., Engineering Manager,  
Colorado Oil and Gas Conservation Commission**

Mr. Ellsworth will present statewide and Garfield County results from the Colorado Oil and Gas Conservation Commission's recent regulatory directive asking oil and gas operators to inventory, inspect and report the status of all oil and gas flowlines located near buildings. The presentation will also describe next steps for COGCC as they manage this newly developed data set with an eye toward maximizing the safety of oil and gas operations across Colorado.

The screenshot shows the Garfield County website with the following content:

- Header: GARFIELD COUNTY colorado
- Navigation: how do i?, offices, towns, business, seniors, online, Search
- Dropdown: County: ELECTED OFFICES
- Section: OIL & GAS Energy Advisory Board
- Pages list: Garfield County home, Oil & Gas home, Energy Advisory Board, Community Development, Energy Operators, Emergency Contact List, Air quality monitoring, R/S/NC Community Dev, Garfield County Socioeconomic 2006, Health Information and Response Program, Garfield County Land Value Study, Mamm Creek conclusions, Dr. Thyne Powerpoint, Phase I Mamm Creek, Phase II Mamm Creek, Phase III Mamm Creek, Maps, NW Colo Socioeconomic Quarterly Oil & Gas reports
- Energy Advisory Board meeting: A regular meeting of the Energy Advisory Board is Thursday, March 2nd, at the Garfield County Rifle Admin. Bldg, 195 W. 14th Street, Rifle, second floor. Dinner is served at 5:30 pm for all attendees, meeting begins at 6:00 pm.
- Speakers: Brian Gardner, Operations Manager, Summit Midstream
- Presentation: Safety Considerations for Natural Gas Pipeline Construction, Operation and Maintenance
- Presentation description: Garfield County's rural landscape is crisscrossed with over 1,000 miles of natural gas pipelines that transport natural gas and other hydrocarbons from over 11,000 well heads to market and ultimately to our homes. Brian Gardner, Operations Safety Manager for Summit Midstream, will discuss pipeline safety and how pipelines are constructed, operated and maintained in a manner that safeguards the environment and the public in Garfield County.
- The Energy Advisory Board is a monthly forum for the public, oil and gas industry, landowners and local government to engage in positive and proactive communication, and actions that encourage responsible and balanced development of these resources within Garfield County.

# Resident Calls to Liaison's Office June-July 2017

- 5 Traffic/Speeding/Haul Route
- 5 Odor complaint
- 1 Noise
- 37 Information Requests

# Ursa Battlement Mesa Activity

- Phase I BMC-B and BMC-D well pads
  - 2017 County Commission Policy Directive: Liaison attention and focus on O&G development and potential issues for residents in Battlement Mesa
  - 14 wells drilled on BMC-D
  - Drilling 24 wells on BMC-B pad through Sept.
  - *Few resident nuisance complaints so far*
  - Completions activity begins on the BMC-B pad early October
- Regular site visits to keep an eye on potential nuisance issues
- Very close coordination with Ursa and COGCC on any nuisance complaint issues.

# Ursa Battlement Mesa Permit Applications

- Ursa Operating Company Phase 2

- Submitted County applications:

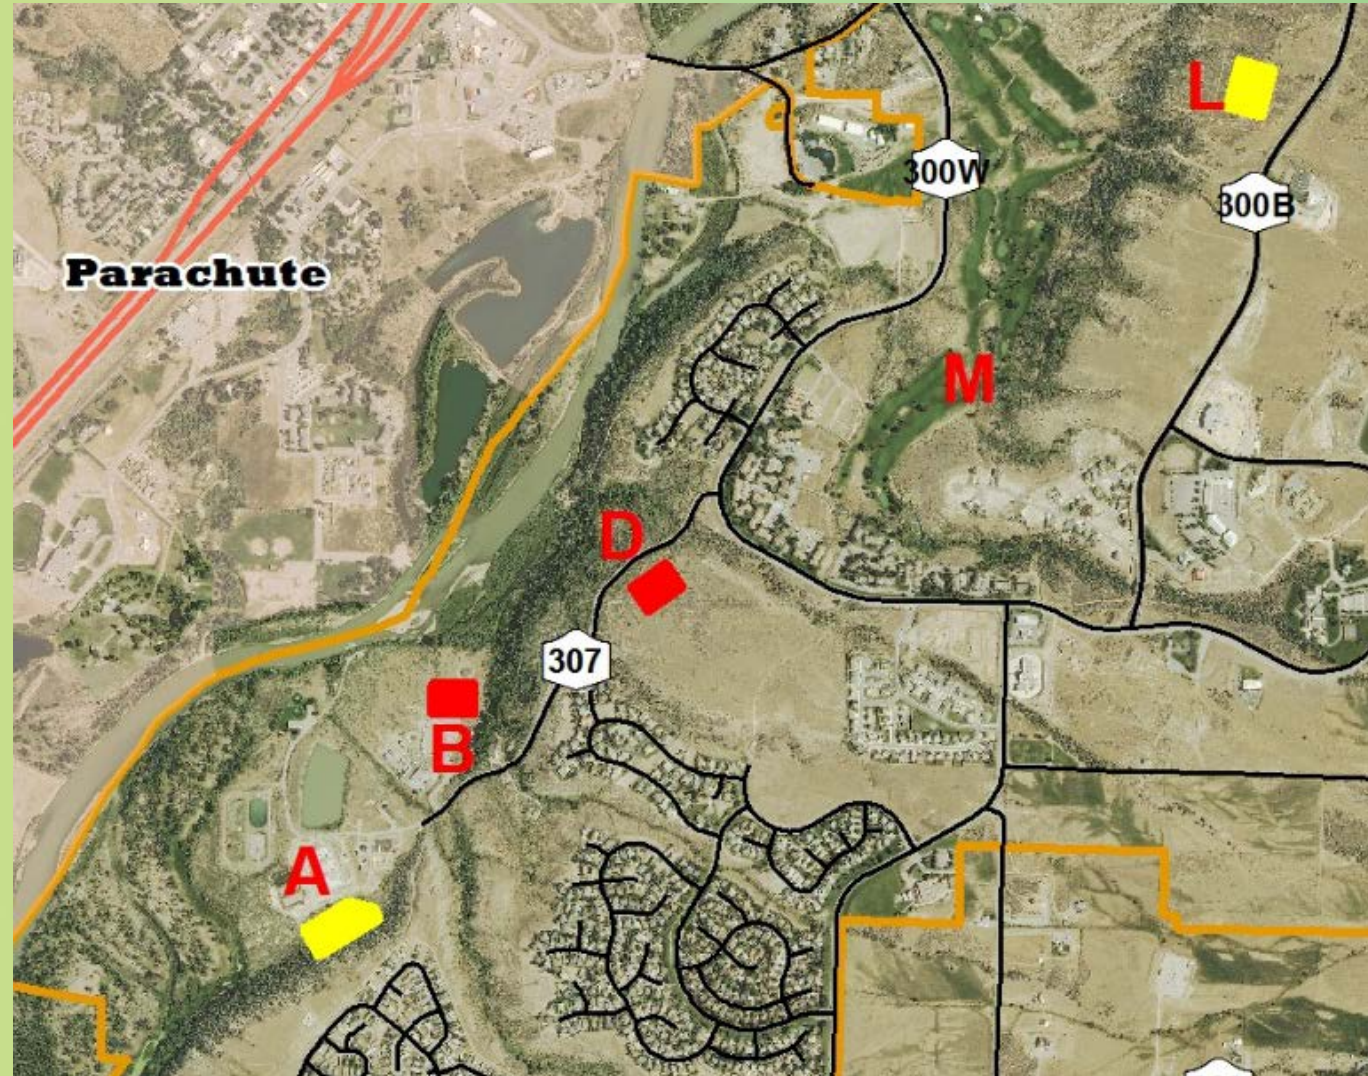

- BMC-L well pad
    - BMC-A well pad
    - BMC-F water facility
    - Two pipelines

- County permit review schedule:

- Sept.: Planning Commission
  - Oct/Nov: BOCC

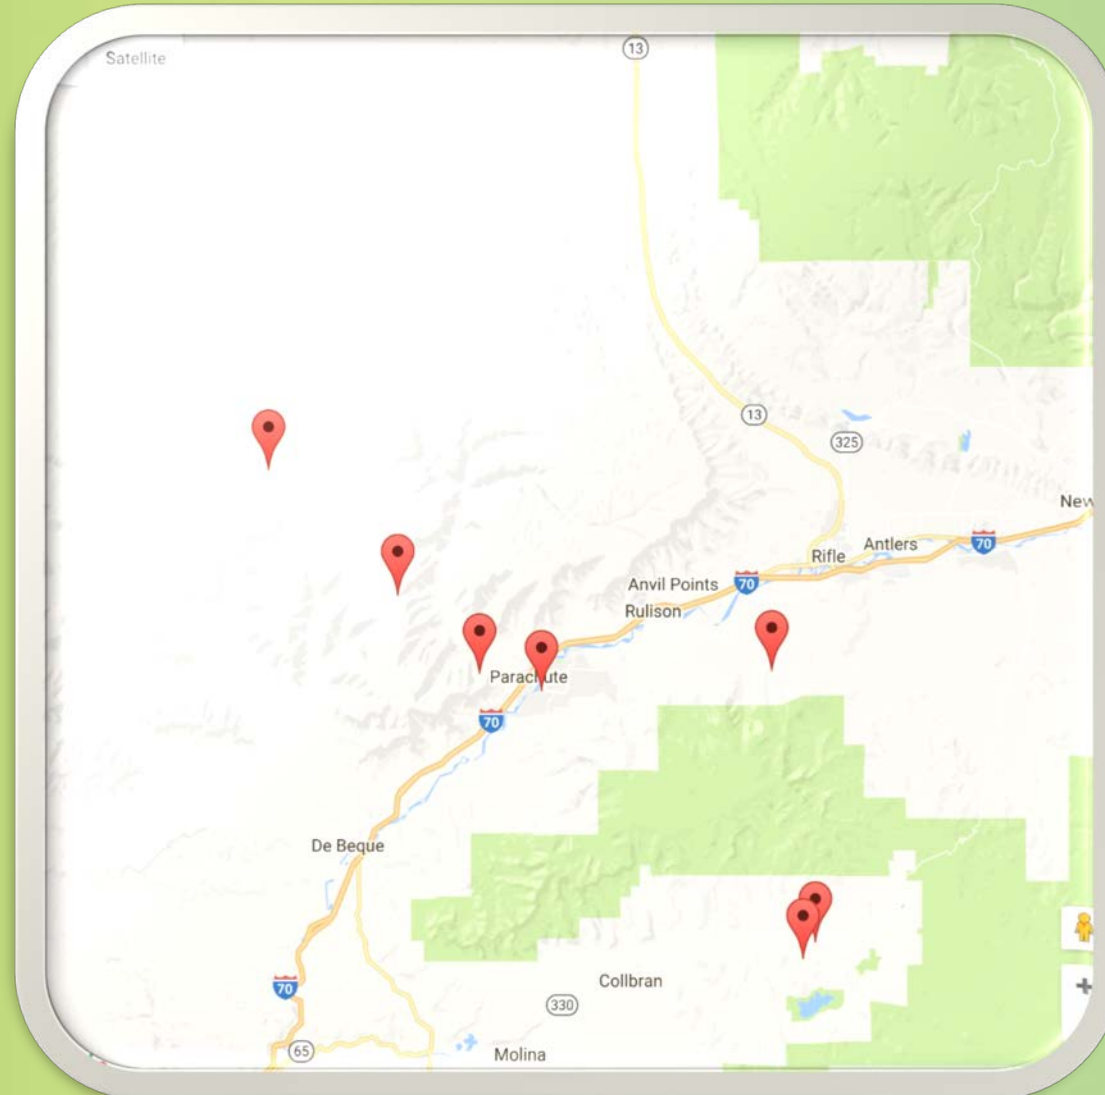

- COGCC permit review schedule:

- Ongoing but permits to be placed “on hold” as needed to allow County process to wrap up.

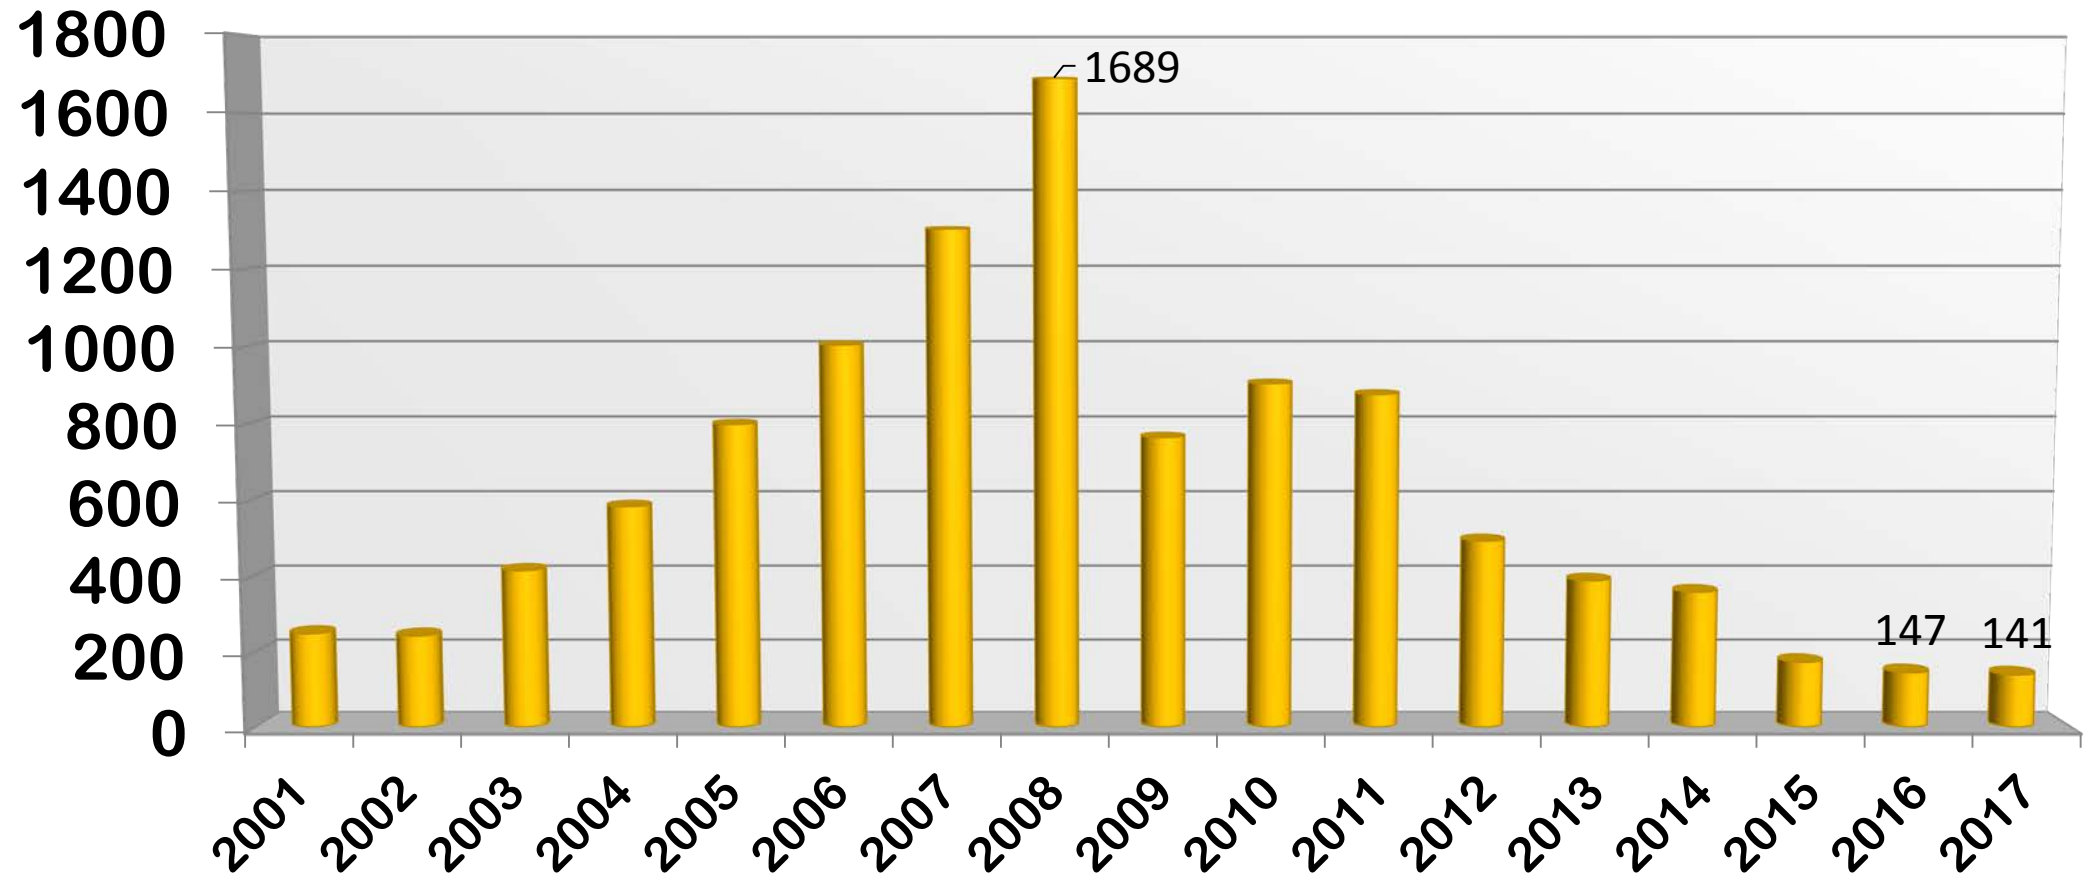

# Garfield County has 5 Active Drilling Rigs
